

5th February 2024

Dear parents and carers,

This week is 'Safer Internet Day' when we help our children learn about how to keep safe online. The online world our children are growing up in is a world away from what life was like when I was growing up.

While there are many positive opportunities in this new world, there are also dangers that we need to understand so we can help our children be safe. From the harms of spending too much time online to the dangers of exploitation from criminals, do you know how to keep your child safe?

There are some great websites that can help you and your family:

If you have any worries or concerns about your child and their online safety, please speak to a member of school staff to see how we can help.

Thank you for your continued support with your child's education.
